

Ambrosio Construction & Renovations Inc. - Ancaster, ON

Junior Residential Estimator

We are a growing residential construction company in the Hamilton area specializing in home renovations including bathrooms, kitchens, basements and additions.

We are currently seeking a highly motivated and reliable individual to fill the role of **Junior Estimator**. This position will be based at our Ancaster Showroom/Office. This role is responsible for driving and coordinating the completion of all project estimates and proposals. This position will report to the Owner/President.

Responsibilities Include:

- Prepare quotes and proposal packages for prospective clients
- Read, interpret and understand construction drawings and floor plans
- Measure and quote windows/doors for existing clients or prospect clients.
- Complete material take-offs for estimating and project start-ups
- Liaising with clients and subcontractors to put together bid packages
- Create and maintain a costing database for future estimating and budgets
- Assist colleagues whenever necessary

Requirements:

- Minimum of 2 years proven experience as an Estimator in a residential construction environment
- Experience in measuring & quoting windows and doors for existing or new homes.
- Experience with AutoCAD or similar design software
- Excellent communication and interpersonal abilities
- Experience with Quickbooks Online
- Excellent knowledge of MS Office (Word & Excel) and other related software.

A background in architectural design and/or BCIN certification is an asset, but not required for this position.

Compensation: Negotiable, based on experience.

Job Type: Full-Time

Please send resume with qualifications and cover letter if interested to info@ambrosioconstruction.ca

Only those selected for an interview will be contacted.
